Without conceding the Examiner's contention, Applicants elect to prosecute Species 5 corresponding to Figure 13 if no generic claim is finally held to be allowable. Without loss of generality, Applicants identify that at least claims 1-6, 8-16, 20-31, 33, 35-41 and 43-45 correspond to Species 5.

The above election is made without prejudice to the prosecution of this Application or any corresponding or related application. Specifically, Applicants reserve all rights in the non-elected Species, Figures and the claims which read thereon, to file divisional and/or continuation patent applications.

If the Examiner has any questions or comments as to this Response, the undersigned may be contacted at the address and telephone number below.

No fees are believed to be due in connection with this Response. However, if any fees are in fact due, the Examiner is requested to charge any such fees to deposit account No. 05-0649.
